Front-End Developer

Work experience

Front-End Developer

01/2008 – 09/2009 (1 year 9 months)

SmakMedia Ltd, part of MSKey Group

2 Nikolay Haytov St, Sofia

<http://www.smakmedia.com/>

<http://www.mskeygroup.net/>

Created more than 10 websites' interfaces using **hand-coded** semantic **xHTML**, **CSS** and **JavaScript**

Used **Adobe Photoshop** for cutting visuals and optimizing images while maintaining pixel-perfect representation of the design in the browser

Ensured **cross-browser** (and cross-platform) compatibility in all major web browsers, including **Internet Explorer 6, 7, 8**, Firefox 2, 3, 3.5, Mozilla, Safari, Opera, Konqueror

Created modules and optimized code pieces for the company's high-traffic media portals – Sportal.bg, HotNews.bg, TopCars.bg, Profit.bg

Developed custom solutions for advertising campaigns and **brandings** for the popular media portals

Developed all websites with respect to current **SEO** and usability practices and optimized existing websites for search engines

Wrote **custom code** feeds for partner sites, including versions of Sportal.bg and HotNews.bg for the Vodafone service using Vodafone PartnerML. Also created **mobile version** of Sportal.bg for iPhone using xHTML Mobile Profile and **e-mail newsletters** using Word HTML and MHTML

Interviewed other prospective Front-End Developer employees

Drafted best practice documents and **SEO guidelines** for future projects
